From the Desk of Eddie Sandboe

February 20, 2008

The Alberta Apprenticeship Board is seeking Qualified Employee's and Employer's to serve on the Electric Motor Systems Technician Provincial Apprenticeship Committee (PAC).

The Board appoints equal numbers of employees and employers for terms of up to three years. Based on the PAC's recommendation, the Board also appoints a presiding officer (presently Dwayne Graham, Southern Rewind-Lethbridge). A government employee acts as secretary to each PAC.

PAC's are the link between the "grassroots" of the trade and the Board. They are responsible for the recommendations to the Board training and certification requirements and standards for their trade.

If you are interested in serving our Valuable Industry Trade at the Provincial level, please contact;

Ken Nelson
Manager, Industry Programs and Standards
Alberta Apprenticeship and Industry Training
